called here on account of the death and burial
of their relative, Mrs. Louisiana Frame, will
return home tomorrow. While in Aberdeen
they were guests of Mr. and Mrs. John Schlitz.
Although their mission was a sad one, their
many friends in this city and Aberdeen were
glad to meet and greet them.

FIGHT TO A FINISH IS ON

PARIS, KY., October 13th.—That a fight to a
finish is on between the Tobacco Trust and the
pooling interests, and that no quarter will be
asked or given, is evidenced throughout Bour-
bon county in the activity of buyers for the
one and solicitors for the other.

Why Hesitate?

An Offer That Involves No
Risk For Those Who
Accept It

I am so positive my remedy will completely
relieve constipation, no matter how chronic it
may be, that I offer to furnish it free of all
cost if it fails.

Constipation is caused by weakness of the
nerves and muscles of the large intestines or
descending colon. To expect a cure you must
therefore tone up and strengthen those organs
and restore them to healthier activity.

I want you to try Rexall Orderlies on my
guarantee. They are eaten like candy, and are
particularly ideal for children. They act
directly on the nerves and muscles of the bowels.
They have a neutral action on the other organs or glands. They do not purge
or cause any inconvenience whatever. They
will positively overcome chronic or habitual
constipation and the myriad of associate or
dependent chronic ailments. Try Rexall Orderlies
at my risk. Two sizes, 10c. and 25c.
Sold only at my store—The Rexall Store,
Thos. J. Chenoweth, corner Second and Sutton
streets, Maysville, Ky.

EX-MAYSVILLE CITIZENS

Augusta Chronicle.

W. O. Holmes and wife were guests of the
family of H. B. Asbury and other friends here
from Friday until Monday, departing for their
home at Washington C. H., Ohio, on the latter
date. Mr. Holmes had just returned from Ft.
Worth, Texas, where he had been associated
in business the past eight months with F. W.
Hawes, having sold his interest to the latter
on October 1st. Mr. Holmes is not greatly
enthused over the possibilities of the Lone
Star State, and says that eight months of it is
enough for him. He has not definitely decided
as to what business he will engage in.

BIG CROP

But Below Estimate in Yield—Some
Interesting Tobacco Figures
By The Enquirer

This year's tobacco crop, big as it is, is a
disappointment. It will not pass the billion-
pound mark set for it in the early spring, when,
after almost 40,000 acres more than in 1909
had been set out under most favorable con-
ditions, the plant started forward in most
promising growth.

According to reports to The Enquirer the
total area for harvest is 1,149,831 acres,
which compares with 1,130,537 in 1909. The
yield is estimated at 931,068,695 pounds, com-
pared with 913,544,452 in 1909.

The Government may be expected to esti-
mate this year's crop above one billion pounds,
as the Reporting Board of the Department of
Agriculture put the area planted at 1,215,900
acres and the condition at about 78, compared
with an average of 80 at this time in 1909,
and a ten-year's average of 82. Calculating
on the Government's reported yield for 1909
of 949,357,000, the statisticians of the bureau
should have no trouble in figuring out a billion
pounds.

The difference between The Enquirer's esti-
mate and that of the Government lies mainly
in Kentucky, where the Government claims a
planted area of 470,400 acres, while reports
to The Enquirer from every county of the State
producing tobacco in commercial quantities,
cover a planted area of only 388,860 acres,
with only 375,908 for the harvest.

Many reports from Kentucky are much dis-
couraging as to the yield, and while there are
about 10,000 acres more than in 1909 for
harvest, the yield is estimated to be 2,000,000
pounds less. The injury, however, fell most
heavily on the "dark" district, so that the yield
of Burley in Kentucky will be 197,652,000
pounds, compared with 182,865,195 in 1909.

Had the crop conditions continued favorable
from the time of planting to harvest the
Burley crop of the United States would have
exceeded 300,000,000 pounds.

Guaranteed Pile Cure

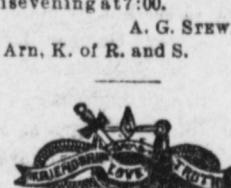

BACKED BY YOUR LEADING DRUGGIST

If you have any kind of piles get a box of
Dr. Leonhardt's Hem-Roid at J. Jas. Wood &
Son's, Maysville, Ky., on the money-back plan.
Hem-Roid is made from Dr. Leonhardt's own
prescription—a tablet remedy, taken internally
and cures thoroughly by removing the internal
cause of piles, something that suppositories,
ointments or cutting operations will not do.
\$1 for large bottle, which lasts 24 days.

The readers of this paper will be pleased to know that there is at least one disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive knowledge now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that fails to cure. Send for list of testimonials.

THE MORGAN STATUE

At the meeting of the State U. D. C. at Louisville this week a committee was appointed, consisting of Mrs. William M. Bateman of Lexington; Mrs. Roy McKinney of Paducah; Mrs. John L. Woodbury of Louisville, and Mrs. James M. Arnold of Newport, to go to Brooklyn to supervise the casting of the statue of General John H. Morgan at a large brass foundry there. They will have the counsel and advice of Miss Endy Yandell if that Kentucky sculptress is in New York at the time. The unveiling will be either on General Morgan's birthday, in next June, or at the next annual meeting, in the fall of 1911, of the U. D. C. The statue is to be placed in the Court-house Square at Lexington.

TO ALL TOBACCO GROWERS

The District Board of the Burley Tobacco Society in session at Lexington Friday passed the following resolution:

"That we recommend a mass meeting to be called at the county seat or some other central point in each county on next Saturday, October 15th, 1910, at 1 p. m., for the purpose of discussing the pooling of the 1910 crop of tobacco; and suggest that the majorities of the people at this mass meeting select a committee of three or more, said committee to be bankers, lawyers, business men or tobacco growers, to hold all the pledges signed on and after October 9th, 1910, with the understanding that this committee shall bring said pledges so signed to a meeting of all the counties to be held in Lexington on October 31st, at 10 a. m., with the understanding that the majority of the committee so selected from each county be empowered, after hearing the reports from all the counties present, either to deliver the pledges to the Burley Tobacco Society or take them home and destroy them.

"The decision of the majority of that part of the committee present from each county shall bind the poolers signing said pledge."

Pursuant to the above resolution a mass meeting of the tobacco growers of Mason County is called to meet at the Courthouse in Maysville on Saturday, October 15th, 1910, for the purpose of discussing the tobacco situation and the appointing of a Committee to take charge of the pledges signed after October 9th. All growers who have heretofore refrained from signing this pool are especially requested to be present.

KANAWHA RIVER COAL

The present rise in the Ohio and Kanawha
rivers has been the means of letting out con-
siderable coal. Yesterday the coal fleet was
passing here all afternoon. At one time four
steamers with tons of light barges were in
sight. None of the coal stopped here, how-
ever; all for the Cincinnati and Louisville mar-
kets.

IT'S ALL RIGHT NOW

Home mechanics are best, after all. Since
the completion of the fine, new First National
Bank Building the entire management, clerical
force and all, have been in constant fear of
having their heads cracked, if not more serious
injury, by the ceiling scaling and dropping off.
The matter became so serious that Mr. P. H.
King, one of Maysville's high-class workmen,
was engaged to remove the cement ceiling and
dispel the ever present menace. The work of
removing the entire ceiling on the first floor,
which constitutes the banking department, has
been completed and there will be no further
annoyance from that source in the future.

Saturday

The local syndicate has closed its deal with
the Ohio Valley Oil and Gas Company for
stock, and there will be a meeting of the Board
of Directors of the Company on next Saturday
at 2 p. m. to elect two of the syndicate sub-
scribers as members of the Board and to con-
sider propositions from drillers to bore for gas
in the Company's fields.

There is now no stock on the market except
Treasury stock of the Company at 25 cents
per share, at which price it has heretofore sold
and for the present will continue to be sold;
but the Company reserves the right to advance
and will advance the price just as soon as the
exploration for gas will permit.

In 1907 the Brooksville Oil and Gas Com-
pany found a large flow of gas at a depth of
600 feet, and the Pittsburgh Company, now
boring for oil on adjacent territory, found a
large flow of gas at a depth of 400 feet. The
opportunity, therefore, to purchase Treasury
stock at the present price will be open for
only a short time.

Devoted to Mothers Mostly is Our Today's Ad.

A big lot of Children's and Boys' Two-Piece Suits at \$2.50 and \$3, fully worth from \$1 to \$1.50 more. What we particularly wish to emphasize are our Boys' \$5 Suits. We believe, and you will agree with us when you see them, that they are the best values ever offered, "even by us." They come in the very newest colorings and fabrics—browns, grays and oxfords. At this price we include absolutely pure, color guaranteed, Blue Serge Suits. They come in Norfolk, Russian Blouses and Double-Breasted Coat Suits.

Your particular attention is called to our magnificent assortment of Children's Caps and Hats for girls as well as for boys. We have an endless variety of them.

Nothing more durable for boys' pants than corduroy. We bought of a concern that went out of business 125 pairs of Boys' Knickerbocker Corduroy Pants that were made to sell at \$1.50. At the price we bought them we can sell them at \$1. We want you to see them now. At that price they will sell quickly.

Coat Sweaters for children will be more popular than ever. We have an endless variety of them for both girls and boys in all sizes and colors. You will be surprised at the value we give you in Children's Sweaters for 50c. Of course, we have them in higher prices also. Very truly yours,

WHEN IT POURS

What then? A pretty hat spoiled perhaps. A
good wetting anyway and all for the lack of the
umbrella you've neglected buying. Don't put it off again
for rain's due any time; the umbrellas we want you to
see are here this week and gone next. Three of spe-
cial note:

I. Fine black silk top, close roll, steel rod, paragon
frame, imported handles of many sorts. \$2½.

II. Fine black Union silk top, excellent steel frames,
straight or loup handles. \$1.25.

III. Fast black carola top, strong frames, neat handles
decorated with silk tassel. \$1.

Just when mothers are needing warm coats for
the little ones we offer some pretty red, and white
bearskin coats that average more than a dollar's saving.
Sizes 2 to 6 years. Prices \$1.98, \$2.98. Slightly
soiled but perfect in every other detail. And bearskin
is easily cleaned you know.

Plaids Are Perennial.

No matter how other silk fabrics vary in favor
autumn always brings its quota of pretty plaids, typi-
fying perhaps the season's wealth of color. Plaids are
economical in several ways, though prices are 75c and
\$1 yard. First they are woven for wear, second they
do not soil easily, third, they can be worn with several
skirts, some of the many shades blending with almost
any color.

Constipation Cure Free

With the first signs of constipation you resort to the home methods of relief, such as hot or cold water on arising, lots of stewed fruit with your breakfast, etc., but what do you do when these fail?

The majority then start on 5¢ cathartic pills, etc. If you have gone through these various stages you know they were all useless, so far as permanent results go. Now you should try just once again, but try something practical and sensible, a remedy made and intended for the purpose you are trying to accomplish. Such a remedy, as thousands can testify, is Dr. Caldwell's Syrup Pepis, which is guaranteed to be permanent in its results. Its ingredients are such that by a brief use of it the colon and bowel muscles are trained to again do their work normally, so that in the end you can do away with medicines of all kinds. That it will do this Mr. G. Y. Dodson of San Fran. has gladly attest, and so will Mrs. S. A. Hampson of Peoria, Ill.

To those who are still skeptical there is a way to prove these assertions without a penny of expense: Simply send your name and address to Dr. Caldwell and obtain a free sample bottle. After using it, if you are then convinced it is the remedy you need, buy a fifty cent or one dollar bottle of it and continue to use it for a brief time until cured. The directions are simple and the dose is small. It is pleasant to the taste, does not gripe and is promptly effective, and these statements are guaranteed or money will be refunded.

This remedy is over a quarter of a century old and is personally taken by more druggists than any other similar remedy on the American market. Because of its effectiveness, purity and pleasant taste it is the ideal laxative remedy for children, old and young generally.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter, with name to whom you write. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's name is Dr. W. B. Caldwell, R. 507 Caldwell building, Monticello, Ill.

AN OLD TIMER

Mr. George W. Stevenson of Union, Boone county, is visiting in Maysville. Mr. Stevenson is a native of Germantown, Ky., and was born July 29th, 1831. He left Maysville in 1851 on the steamer Simon Kenton for Boone county and this is his first visit back to the scenes of his early youth in 59 years. He says Maysville has undergone great changes. In his day Wall street was a business center and the lower grade the scene of steamboat and river activity. Very few of his early friends are living and he is almost an entire stranger in this community. Notwithstanding his seventy-nine years, he is spry and active, and bids fair to live many more years. Though a life-long Democrat he is a strong Tomlin man, and says a thousand Democrats in Boone county will refuse to vote for Lassing for Judge of the Court of Appeals.

HAPPY RESULTS

Have Made Many Mayville Residents Enthusiastic

No wonder scores of Maysville citizens grow enthusiastic. It is enough to make anyone happy to find relief after years of suffering. Public statements like the following are but truthful representations of the daily work done in Mayville by Doan's Kidney Pills.

Mrs. Delta Means, 328 East Front street, Maysville, Ky., says:

"About seven years ago kidney trouble made its appearance in my case, the first symptom being sharp pains through my kidneys, accompanied by a bearing-down feeling across my hips and loins. Dull, miserable headaches were also common and I often became so dizzy that if I did not catch hold of something I would fall. I continued to grow worse, and I was often confined to my bed for a week at a time. No remedy I tried helped me, and I began to have symptoms of dropsy. There was an almost complete retention of the kidney secretions and my body became bloated. I had about despaired of ever being cured, when I read of a person who had been rid of a similar trouble by Doan's Kidney Pills. Deciding to try them, I procured a supply at J. J. Wood & Son's Drugstore, and obtained so much relief from the use of the first box that I continued taking this remedy until I was entirely cured. I have no hesitation in saying that Doan's Kidney Pills saved my life."

Gas Light Talks—No. 29.

More Brick Paving.

That the present city administration is lacking in finesse, was the statement we made in yesterday's Talk.

Broadly speaking, finesse means the ability to go about things properly.

Now, when the paving question came up this year, the administration brought up the matter of the Trolley company's liability.

This, you will remember, was an old question and had been argued before the courts and decided in favor of the Trolley company.

You will also remember that it was understood the present administration would "get after the special interests"—meaning the public service companies.

The administration caused specifications for the paving to be prepared.

And these specifications absolutely ignored the presence of the tracks in the streets and called for an ordinary pavement.

Inasmuch as the tracks WERE in the streets, this ordinary pavement would have been unsuitable and improper.

So, after considerable discussion, the Trolley company voluntarily offered to pay \$1,000 for such extra work as would have had to be done in order to make a proper and decent job of the paving.

The company stated further that, if this sum was deemed insufficient, it was entirely willing to submit the matter to arbitration and abide by the result.

Now, it was just as important for the owners of abutting property as it was for the Trolley company, to have the paving properly done.

The administration wouldn't consider the company's proposition. You see, the administration had to "get after the special interests." It wanted the company to pay at a rate that would have figured out about \$10,000 a mile.

Since 1906, the company had spent between \$35,000 and \$40,000 on new, 70-pound rails. Its contract did not obligate it to spend a cent on paving construction, so it absolutely refused the demands of the administration.

Had it acceded to these demands, it would undoubtedly have been bankrupt.
